Summary

Front-End Web Developer passionate about building elegantly functional responsive websites and user interfaces. Earning a Full Stack Development Certificate through the University of Arizona to sharpen my proficiency in HTML, CSS, JavaScript, React, and mySQL. Effective working individually and on a team, with extensive experience in meeting deadlines with quality work. Exceptional organizational skills and attention to detail help me create intuitive designs to better serve end-users. Excited to use these programming and structural skills in future as a strong addition to a forward-thinking team of web developers.

Bilingual: English/Spanish.
